

Onboard SY Sea Pearl

The Art of Discovery

A Historic Voyage Through the Seychelles

The Sea Pearl is a beautifully restored, historic 35m twin-masted topsail schooner that blends the romance of traditional seafaring with the breathtaking natural scenery of the Seychelles. Originally built in 1915, this iconic riveted-steel vessel offers a hands-on experience serving as a magnificent heritage platform for exploring secluded granite islands, hidden coves and pristine bays.

- **The Silhouette Service:** Our Seychellois crew of eight provide a warm, natural brand of hospitality that is true to the islands.
- **Expert Guidance:** Led by a highly experienced crew with extensive knowledge of the islands, every journey is enriched by local insight, while our PADI dive instructors guide guests to the very best dive and snorkeling sites across Seychelles.
- **Tailored Voyages:** Beyond weekly live-aboard cruises, we specialize in private charters for up to 20 guests, with niche programs for diving, bird-watching, hiking, and photography.

Dining on Board

- **Creole & International Dining:** Freshly prepared onboard each day, the cuisine aboard Silhouette Cruises blends international favorites with Creole influences, featuring tropical fruits, fresh seafood, grilled meats, and relaxed island-style dining enjoyed against the backdrop of Seychelles' spectacular scenery.
- **Bar Service:** Guests can enjoy full service from our stewardesses or a "at-home" self-service option from the bar. Allow our team to mix-up local cocktails to give a taste of paradise.

Accommodation & Comfort

Life onboard focuses on relaxation and space, whether you are unwinding on the two-tiered sundeck or enjoying the air-conditioned interiors.

- **Guest Cabins:** Eight fully air-conditioned, cozy cabins equipped with private washbasins, reading lights, and power outlets.
- **Shared Facilities:** Guests have convenient access to four separate showers and three toilets located midships alongside an open-air deck shower for a quick rinse after a swim.

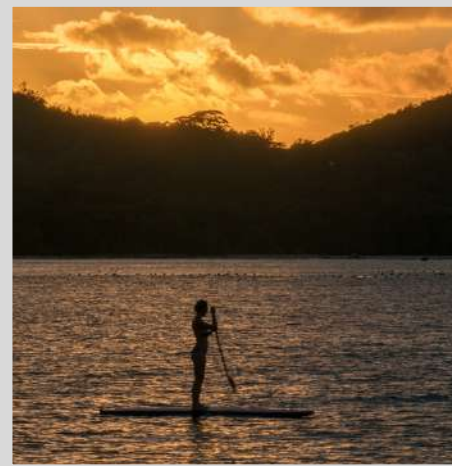

Exploration & Activities: From Granite Peaks to Coral Reefs

Each day brings a fresh balance of land and sea exploration, offering excursions to distinct islands alongside opportunities to explore the underwater world. Whether you choose to trek through endemic coastal forests or snorkel on vibrant coral reefs, the day is yours to shape.

Sustainable Sailing & Conservation Commitment

We operate in an environmentally responsible way across every aspect of our voyages, actively supporting conservation initiatives and marine protection efforts throughout the Seychelles to help preserve the islands' unique natural heritage for future generations.

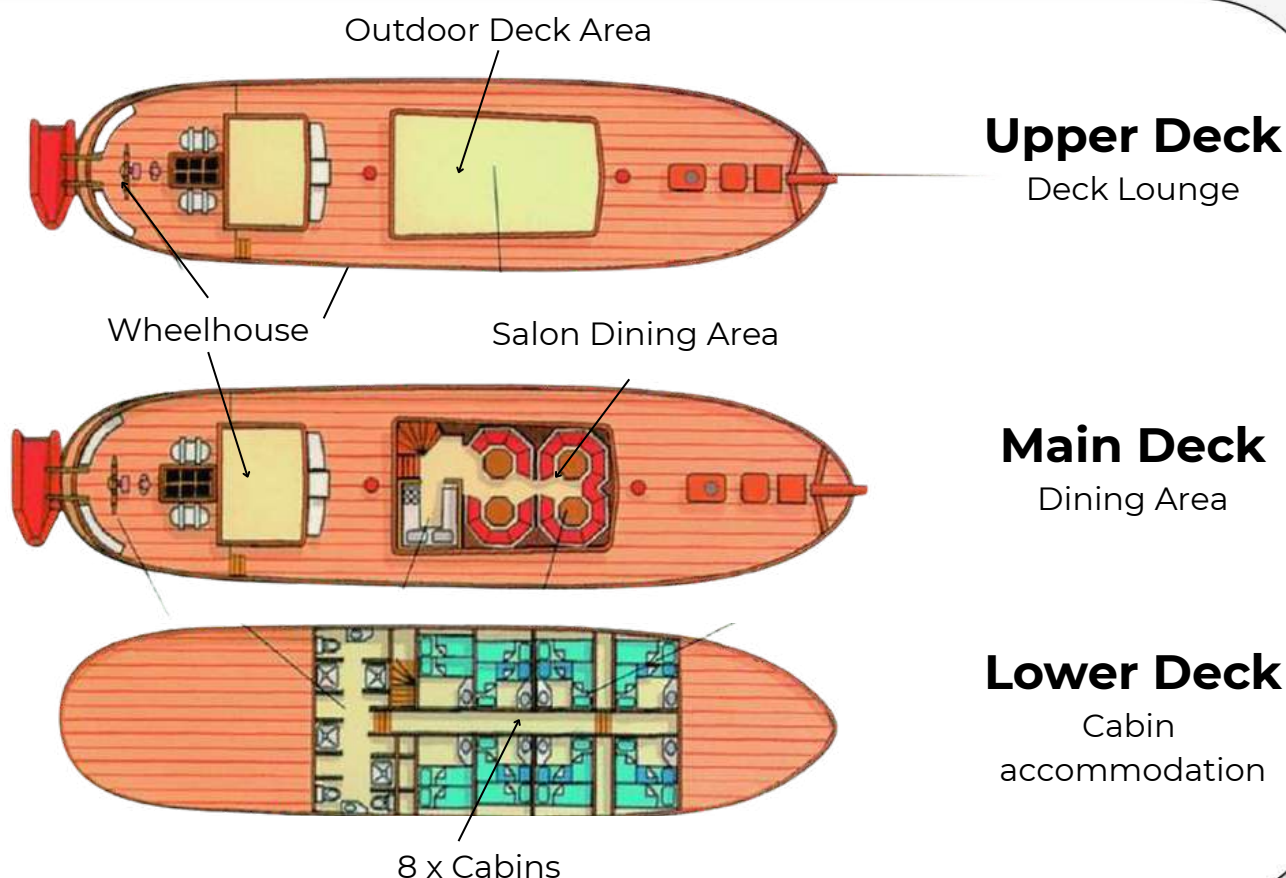

- **Sea & Sport:** Use our kayaks, paddleboards, snorkelling gear, and bottom-line fishing equipment at no extra cost.
- **Diving:** A variety of options and sights to see. We offer everything from introductory "Discover Scuba" dives to Open Water and Advanced courses right from the deck. Sea Pear is equipped with two compressors, 18 cylinders, and full kit for hire.
- **Endemic Wonders:** Guided trips to UNESCO sites like the Vallée de Mai on Praslin to spot the rare Magpie Robin or meet giant tortoises at Curieuse.
- **Remote Island Visits:** Explore colourful marine parks and uninhabited islands that larger ships simply cannot reach.

Fact Sheet Information
